

Give a Gift ... Make a Difference

Your gift, regardless of size, to the Annual Fund Drive enables NICC to continue to make a difference in our students' lives.

Malinda Bartels, believes the opportunities at NICC have been remarkable. As a member of TRiO Upward Bound in high school, Malinda had the chance to get to know the NICC campus and after college visits, knew NICC was the right fit for her. She enrolled at NICC because of the small class sizes and the convenience of the different centers where she could take classes.

Malinda's experience at NICC has been very rewarding. "Through the generosity of the scholarship program, I was able to receive several scholarships. Now I am able to focus on my classes and not the financial stress of college. I am very grateful for the opportunities NICC has given me and very thankful to the scholarship contributors."

Malinda will graduate from NICC in May 2009, then she plans to transfer to the University of Northern Iowa and major in Elementary Education.

The financial contributions made to the NICC Annual Fund Drive provide opportunities for students and have a profound impact on their success.

Malinda Bartels
2007-2008 Scholarship Recipient
