NO EXTRA RIDERS!

Stop! Think! Don't make the mistake to cost a life! Never allow a passenger, even if it is your child begging to take a ride! Never allow a second person to ride with you. Tractors, combines, and harvesters all offer the same hazards. Hit a wash out – the door pops open and Oh! No! ...Let's not go there. The second seat is not made for a joy ride. Think about it! Is it worth the risk? During National Farm Safety & Health week, Sept. 21 – 27, *Protect Your Investment!* Protect your family!

BE VISIBLE!!

Be visible! Let all your neighbors see you on the highway! If you drive slow moving equipment on the road, be sure it has a properly mounted SMV emblem and front and rear lights that are clean and working. Communicating safe practices is the responsibility of the agricultural worker operating the equipment.

Be visible! Be responsible! Stay alert! Stay alive!
